Regione Campania

Make your school a **Centre of Excellence** for the teaching of English.

Roy Boardman's association **Campania ELT** organizes weekly English classes after school. The courses run from October to May and students can sit for the Cambridge ESOL examinations- Starters, Movers, Flyers, KET and PET – on your school premises. In other words, your school also becomes a Cambridge ESOL examinations centre.

As an integral part of the project, which has been running in schools for the last two years, parents are offered a free course, **Keep Up With Your Kids**, with advice on giving their children support at home and motivating them. We also respond to requests from teachers in the school for help with materials and techniques.

For information, mail elt@boardman.it. Our operations centre is at Largo Giusso 13, Via De Marinis, immediately opposite the Università L'Orientale.
