Sunrise – Simply Red

As I look into your lovely eyes I see the sunrise
The blinding light behind your face helps me realise

Will we sleep and sometimes make love until the moon shines
Maybe the next time I'll be yours and just maybe you'll be mine

I don't know if it's even inside your mind at all
It could be just me
At this very moment in time
Is it inside your mind at all
It should be me, it could be just me
Forever

Wandering through your life will love come home to you
And the love you want forever, will they be as true to you

Will we sleep and sometimes make love until the moon shines
Maybe the next time I'll be yours and just maybe you'll be mine

I don't know if it's even inside your mind at all
It could be just me
At this very moment in time
Love's so indescribable
It should be me, it could be just me
Forever

Easy, ready, willing, and over time
Where does it stop where do you still dare me to draw the line
You've got the body and now you want my soul
Don't even think about it just say no go

I don't know if it's even inside your mind at all
It could be just me
At this very moment in time
Love's so indescribable
It should be me, it could be just me
Forever
