- 2) Students write what they think the pictures represent.
It is not important for them to get the correct words at this stage.
- 3) Play the song. Students listen for the words, correcting their choice of vocabulary if necessary.
- 4) Give each student a copy of the worksheet. Play the song again. Students complete the text.
- 5) Allow them to check their answers with other students, and then correct.
- 6) Sing together.

Follow up: Do you agree with the singer's definition of love? What do you think it is?
