

# Tune Into London – Notes

- **Activity types:** video watching, comprehension questions, internet research.
- **Time:** 40 mins (more with follow up activities).
- **Note:** In May 2012 Tune Into English went to London to participate in the British Council ELTons Awards Ceremony. The following day it visited some famous locations made famous by music. This video is a document of that tour.  
You can find more information on each location on the Tune Into London page of [www.tuneintoenglish.com](http://www.tuneintoenglish.com). There is also a list of related song worksheets.

## Pre-Watching:

- 1) London is very famous for its music – ask students if they can think of any famous albums whose covers were photographed in London.
- 2) Give each student a folded copy of the first page of the worksheet. Can they match the six album covers to their titles? There is no need to correct at this stage, as they will hear the answers in the video.
- 3) Ask students to guess where each album was photographed, then to guess the order in which they appear in the video. Again, do not correct at this stage.

### **Key:**

Ask them to work in pairs to check a map of London (on the internet if necessary) and plan the best route. (Note: the EMI Offices are in High Street Kensington)

### **Key:**

Student's own.

Fergal's actual itinerary:

- 8) If necessary give students a copy of the written transcript and ask them to follow it as they watch the video again.
- 9) **PROJECT!** Group work: Ask students to choose one of the singers/groups from the video, then search the Internet for more information (see also [www.tuneintoenglish.com](http://www.tuneintoenglish.com)) and prepare a presentation and questionnaire about them and the London location of their album cover. (5 questions, NO yes/no questions). The best questionnaire will be chosen and awarded.
